POSITIONS HELD

Postdoctoral Research Associate, Leonard Lab

Sept. 2024 to present

Princeton University

Advisor: Prof. Naomi Ehrich Leonard

EDUCATION

Ph.D., Aerospace Engineering

Aug. 2019 to Aug. 2024

Cornell University

Specialization in Robotics; Minor in Computer Science

Doctoral Advisor: Prof. Hadas Kress-Gazit

B.Tech. and M.Tech., Aerospace Engineering

2014 to 2019

Indian Institute of Technology (IIT Bombay)

Specialization in Systems and Control; Minor in Physics

Thesis Advisor: Prof. Srikant Sukumar

RESEARCH INTERESTS

I develop the dynamical foundations of resource-aware embodied decision-making: how intelligent behavior emerges when decision formation and physical action co-evolve. My research asks how robots can operate reliably in highly interactive settings, where the information needed for intelligent behavior emerges through interaction itself. I develop theoretically grounded decision and control architectures that enable embodied intelligence, with rigorous guarantees of safety and performance, and validate them on real robotic systems operating under physical constraints.

PUBLICATIONS

*Advised students are marked with [†] and equal contributions with *, when applicable.*

Manuscripts in Preparation

- [P1] **Himani Sinhmar**, Vaibhav Srivastava, and Naomi Ehrich Leonard. “Neuromorphic Decision Dynamics for Deadlock-free Safe Navigation in Congested Environments” (in prep.)
- [P2] **Himani Sinhmar**^{*}, Antoun K. Salib^{*,†}, Vaibhav Srivastava, and Naomi Ehrich Leonard. “Real-Time Inference of Cooperation for Path-Preserving Multi-Robot Social Navigation in Crowded Spaces.” (in prep.)
- [P3] **Himani Sinhmar**, Giovanna Amorim[†], Vaibhav Srivastava, and Naomi Ehrich Leonard. “Decentralized Neuromorphic Supervisory Control for Parsimonious Multi-Agent Persistent Environment Monitoring.” (in prep.)

Journal Articles

Workshop Papers and Abstracts

- [W1] **Himani Sinhar**, Itay Griniasty, Qingkun Liu, Wei Wang, Itai Cohen, and Hadas Kress-Gazit. “Design and Control of Microscopic Robot Sheet.” *ICRA Workshop*, 2024.

Patents and Dissertation

- [PT1] Marcus Greiff, Stefano Di Cairano, and **Himani Sinhar**. “Motion Planning and Control with Multi-Stage Construction of Invariant Sets.” US Patent Application No. 18/589,946, 2025.
- [D1] **Himani Sinhar**. “Control With Guarantees for Minimalist Robotic Swarms.” Ph.D. dissertation, Cornell University, 2024.

SELECTED HONORS AND AWARDS

2026	Rising Star in Mechanical Engineering , Stanford University
2026	Future Values Fellowship , Princeton University
2026	Robotics Rising Star , Princeton University
2025	Future Leader in Robotics and AI , University of Maryland
2024	Hibbitt Postdoctoral Fellowship , Brown University, offered and declined
2024	Caltech EAS Trailblazers Award , Caltech
2024	Robotics: Science and Systems Pioneers , RSS Conference
2022 to 2024	Graduate Resident Fellowship , Cornell University
2018	Institute Undergraduate Research Award , IIT Bombay

PRESENTATIONS AND POSTERS

Invited Seminars and Talks

Nov. 2025	Invited Talk at SIAM NNP Mini-Symposium on “Collective Behavior for Biologically Inspired Social Systems” Penn State University
Sept. 2025	Invited participant, NSF visioning workshop “Formalization of Human Factors into Computational Models,” sponsored by the Mind, Machine, and Motor Nexus program of NSF. Alexandria, VA
Apr. 2025	Invited seminar, Future leaders in robotics and AI, “Provably Scalable and Decentralized Control Design for Minimalist Robot Swarm” [Recording] University of Maryland
Nov. 2025	Invited Trailblazers seminar for Department of Computing + Mathematical Sciences Caltech
May 2024	Leonard Lab, <i>Princeton University</i> . Princeton, NJ
Feb. 2024	GRASP Spring Seminar, <i>University of Pennsylvania</i> . Philadelphia, PA
Feb. 2024	Automatic Coordination of Teams Lab, <i>Brown University</i> . Providence, RI
Jan. 2024	Biorobotics Lab, <i>Carnegie Mellon University</i> . Pittsburgh, PA
Jan. 2024	Distributed Robotics Lab, <i>MIT CSAIL</i> . Cambridge, MA
Jan. 2023	Collective Embodied Intelligence Lab, <i>Cornell University</i> . Ithaca, NY
May 2022	Guest lecture, Introduction to Computational Science and Engineering, Cornell University.

Conference and Poster Presentations

2026	Invited poster, Learning Dynamics in Natural and Artificial Intelligence .	Harvard University
2026	Invited poster, Diverse Intelligences Summit .	Princeton University
2025	Poster, <i>Northeast Robotics Colloquium</i> .	Cornell University
2024	Participated in IEEE RAS Summer School on Multi-Robot Systems	Prague
2024	Poster, <i>Robotics, Science and Systems Conference (RSS)</i> .	TU Delft, Netherlands
2023	Poster, <i>International Conference on Robotics and Automation (ICRA)</i> .	Yokohama, Japan
2023	Poster, <i>Northeast Robotics Colloquium</i> .	Yale University

MENTORING AND PROFESSIONAL DEVELOPMENT

2026	Antoun K. Salib, Senior Thesis, Department of Electrical and Computer Engineering, Princeton University. Thesis: <i>Path-Preserving Multi-Robot Navigation in Crowded Social Spaces with Online Cooperation Inference</i> . Sigma Xi Honor Society Book Award for Outstanding Research
2025	Facilitating Mentor Training, CIMER Academic Mentor Training Workshop.

TEACHING EXPERIENCE

2021 to 2023	Autonomous Mobile Robots, Teaching Assistant, Cornell University.
2019	Dynamics and Control, Teaching Assistant, IIT Bombay.
2018	Spaceflight Mechanics, Teaching Assistant, IIT Bombay.

PROFESSIONAL SERVICE

Conference and Symposium Organization

2026	Organizing Committee, Princeton Robotics Symposium.
2025	Website and Publicity Chair, Robotics: Science and Systems Pioneers.
2022	Session Chair, Swarm Robotics, IEEE/RSJ International Conference on Intelligent Robots and Systems (IROS).
2018	Session Chair, Navigation Technology, IEEE/CSAA Guidance, Navigation and Control Conference.
2016 to 2017	Chief Editor, Department Newsletter <i>Lift-Off</i> , IIT Bombay.

Peer Review

- **Journals:** *Science Advances*; *IEEE Transactions on Robotics*; *IEEE Transactions on Automatic Control*; *The International Journal of Robotics Research*; *Autonomous Robots*; *IEEE Robotics and Automation Letters*.
- **Conferences:** Robotics: Science and Systems; IEEE Conference on Decision and Control; IEEE International Conference on Robotics and Automation; IEEE/RSJ International Conference on Intelligent Robots and Systems; International Symposium on Distributed Autonomous Robotic Systems.
